Price Guide - May 2024

# Thank you for choosing BRC

Established in 1979 and incorporated in 1983, BRC Group has grown into a leader in the research, development and manufacturing of high quality ergonomic office furniture. BRC is a Canadian-owned private company with modern manufacturing facilities in Georgetown, Ontario, Canada.

BRC is a forerunner in blending environmental initiatives with the manufacturing of renewable and recyclable products. BRC uses materials and manufacturing processes which virtually eliminate Volatile Organic Chemical (VOC) emissions in the office environment. Raw materials are responsibly sourced, assuring that only the best and most sustainable components are converted to finished goods. BRC is committed to developing and offering the best-value products for the middle and higher end markets.

From OEM solutions to obscure designer requests to simply striving to be better, BRC provides creative and innovative customized solutions to complement any environment and use. Flexible manufacturing offers the ability for BRC to respond to client's special needs in addition to having standard catalogue solutions. A wide collection of textiles and laminate finishes allows companies and individuals to express their brand and culture through a unique signature look.

All furniture is designed and manufactured to meet or exceed ANSI-BIFMA standards. Standard construction uses a combination of 3/4" and 1" material with optional LPL & HPL tops and metal to metal commercial grade connections for solid enduring assembly. The newest edge banding technology, in which the edge tape is melted directly to the edge of the board, enables BRC to manufacture products with virtually invisible glue lines.

The BRC Team works hard to earn and keep your business - our success depends on it. If you have any questions or inquires, please contact us at info@brc.group or toll free at 1-877-260-4309.

We appreciate your business and look forward to hearing from you.

# Warranty, Terms & Conditions

BRC is pleased to offer one of the most competitive warranties in the industry. All furniture products carry a 12 year limited structural warranty. BRC furniture panel and table electrical cabling carry a 3 year limited warranty. All moving user adjustable components carry a 5 year limited structural warranty. All other electrical or electronic elements of BRC furniture carry a 1 year limited warranty.

For full warranty details, terms and conditions, please visit www.brc.group/warranty

# Shipping Rates & Policies

Shipping costs are calculated based on net order value and destination. In many cases, the freight cost may be included in your order. For detailed information, visit our website at www.brc.group/freight

DESCRIPTION OF FEATURES AND INCLUDED ITEMS

**Features & Specifications**
- One inch of leveling
- 3/4" LPL Case construction
- Includes locks and file hanging bars
- Height dimension applies to M3 top; add 0.25" to height for M1 top
- Laminate codes - H1: 1" HPL, M1: 1" LPL, M3: 0.75" LPL (top only)

OPTIONS AND FEATURES AVAILABLE AT NO EXTRA CHARGE

**No Charge Options**
- All standard laminates available
- Lock: Hudson black '*LHB*', silver '*LHS*'; Hudson housing only '*LH-NC*'

**Optional Extra**
- Counterweight '*CW*' add $101

OPTIONS OR FEATURES AVAILABLE BUT AT ADDITIONAL CHARGE. ADD CODE WHERE APPLICABLE, AND ADDITIONAL PRICE TO TOTAL

**SPECIAL NOTES**
- This storage product must be secured or ganged to an additional support structure (eg: wall, adjacent cabinet).

# Technical Specifications

## General Construction

All BRC products have been designed using best practices based on ANSI/BIFMA standards. On products that contain box or file drawers, BRC advises full loading of the bottom drawer before loading any top drawer(s). Always load heavy files in the bottom drawer to prevent tipping. Pedestals, credenzas, storage units and hutches are shipped fully assembled. The following are general construction principles used on the Fil series product line:

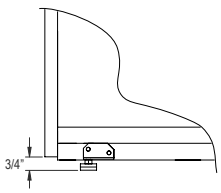
- Standard casegoods construction is ¾" thick low pressure laminate (LPL).
- Handle offset from the top of drawer face is 16mm.
- Door and drawer fronts may be available in ¾" high pressure laminate finishes. Most low pressure laminate finishes can be matched to high pressure laminate. Contact your BRC representative for a quote.
- Low pressure laminate (LPL) panels are finished both sides.
- Products are manufactured with matching 3/32" (2mm), thermo-applied flat edging.
- Most parts are manufactured in a way that allows for replacement in the field.
- One pencil tray is included in every product with a box drawer.
- Box drawers have 100 lb. rated, steel ball bearing sliders with full extension. Lateral file drawers have 150lb rated sliders with 1" over travel.
- Storage units with two or more lateral file drawers have a standard inter-lock mechanism when ordered as stand-alone cabinetry. Interlock mechanisms assist with anti-tipping of a storage unit but do not provide 100% tip-free functionality.
- Counterweights are sold separately where applicable.
- A counterweight is required when specified in a freestanding application. Contact BRC for specific application details.
- Lateral file drawers accommodate letter and legal size files front to back or side to side.
- Product heights listed at 29" are typical heights with 1" top '*M1*' or '*H1*'.
- Hinged single or double door option is determined by size. Widths of 21" or less are single, hinged doors wider than 21" are double.
- Modesty panels are inset by 6" from the edge where 'Recessed Modesty' is specified.
- Modesty panels are available in full height, three quarter height (20"), half height (12") and one quarter height (7").
- Grommets if required must be specified on all tables when ordering (GL, GC, GR). Multiple grommets can be specified on one table.
- All half gables include grommet pass through holes as standard. Gables are constructed of 1" thick LPL as standard.
- All products in the Fil Series use glass classified as 'clear glass'. Low iron or 'optically clear glass' may be available for an upcharge. Contact BRC sales for more details and pricing.

## Locks

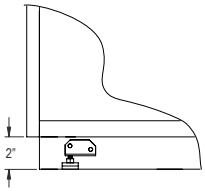
BRC offers Hudson lock options in two finishes (black or silver). All Hudson locks will be factory installed at no extra charge. They will be randomly keyed with cores installed unless the customer specifies a keyed alike option. All orders requiring keyed alike cores must be noted at the time of order, and the specific requirements clearly detailed on the order. There is no upcharge for keyed alike cores, however, they will not be installed in the lock barrels to facilitate easy key co-ordination in the field. Note: If key alike core numbers are specified, key numbers from 226-235 and 250-349 may be selected. Quantities of each key number must be specified on the order. Upon request, BRC will provide a lock summary to assist with this process.

## Cabinet Base Detail

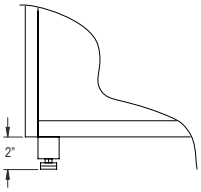
Most storage items are available with three standard base styles and where applicable, the last letter of the product code indicates which base style:



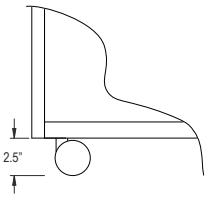
Full Front or 1" Kick (Z)



2" Kick (X)



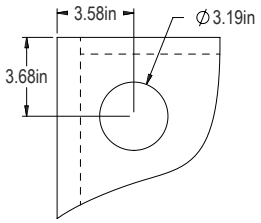
Post Legs (Y)

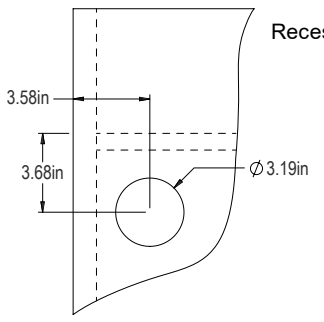


Mobile (M)

## Grommet Location

Grommets are optional in Fil Series. When specified, grommets are located 3.58" from the side and 3.68" from the back. On recessed modesty applications, the grommet is located on the users side of the modesty as shown below.





Recessed Modesty Desk

# Cleaning & Maintenance

## Summary

BRC furniture has been designed for ease of regular cleaning and maintanence. Laminate surfaces are waterproof but edges are only water resistant. In general, care should be taken not to let liquids or chemicals stand on any surface, especially at the edges. BRC designs and manufacturers its furniture based on stringent guidelines in accordance with ANSI/BIFMA standards. BIFMA Level 2 certification means BRC meets its commitment to manufacturing environmentally and socially responsible commercial furniture. To learn more about the BIFMA Level program, visit www.levelcertified.org

## General Guidelines

Do not saturate or soak furniture or allow liquid to stand for prolonged periods.  Apply liquid to cloth first or use a light spray on the furniture itself. Wipe clean immediately.  Finish with rinsing product with clean water from a damp cloth.

Do not saturate or soak furniture with cleaner

Use spray or damp cloth only

Wipe with damp cloth using fresh water after cleaning

## Surface Disinfectant Recommendations

Use all cleaners safely and follow manufacturers directions. These guidelines do not serve as a product guarantee. Prolonged or heavy use may discolour furniture over time.

**Clorox / Lysol Wipes & Spray:**

- Acceptable to use on all BRC Health Care furniture

**Isopropyl Alcohol:**

- Recommended dilution for liquid: 3 to 1 (alcohol - water) for 70% concentration
- Spray bottle: full strength is acceptable to use on all surfaces

**Hydrogen Peroxide:**

- Recommended dilution: 1%
- DO NOT use full strength, must be diluted

**Clorox Bleach:**

- Recommended dilution: 1 cup per gallon of water
- DO NOT use full strength, must be diluted

# Frequently Used Codes & Terms

## Laminates

Most laminates are available in matching low pressure (LPL) and high pressure (HPL) finishes in 1.00” thick material. Consult BRC’s current finish line up for specific details on availability at www.brc.group/materials. When specifying laminate top finish codes, the code applies to the worksurface or top of product only. These codes are:

*M1* - Indicates 1.00” thick LPL (actual thickness is 1.016” / 25.8mm)
*H1* - Indicates 1.00” thick HPL (actual thickness is 1.063” / 27mm)
*M3* - Indicates 3/4” thick LPL (actual thickness is 0.764” / 19.4mm)

## Modesty Panels

Modesty panels are available in four sizes depending on the product. Consult each individual product page for availability. Product order codes for modesty panels are:

*QM* - Quarter (7” high) modesty panel (additional charges may apply)
*TM* - Half (12” high) modesty panel
*SM* - Three quarter (20” high) modesty panel
*FM* - Full modesty panel (full height of product)

## Grommets

Grommets are available on all desks and tables at additional cost. Grommet holes will be cut and a 3” (nominal) plastic grommet provided when specified in the order code. Multiple grommets can be specified in one table if required. Plastic grommets are also available separately and can be field installed. If grommets are required at time of order, the following codes should be added:

*GL* - Grommet installed on left hand user side, 91mm/3.58” from left edge and 93.5mm/3.68” from back edge
*GC* - Grommet installed in the center, 93.5mm/3.68” from back edge
*GR* - Grommet installed on right hand user side, 91mm/3.58” from right edge and 93.5mm/3.68” from back edge

## Locks

Locks are available for most closed drawer and door applications. Consult each individual product page for availability. In Fil Series, two lock finish options are offered, black or silver. Where applicable, push locks are only available using BRC CL core and housing. The codes used for these options are:

*LHB* - Standard Hudson lock and core in black finish
*LHS* - Standard Hudson lock and core in silver finish
*LBB-P* - Standard BRC CL push lock and core in black finish
*LBS-P* - Standard BRC CL push lock and core in silver finish

## File drawers

BRC uses common industry abbreviations to denote file drawers. The codes used for these are:

*PBBF* - Pencil box box file drawers
*BBF* - Box box file drawers
*FF* - File file drawers

## Other Codes

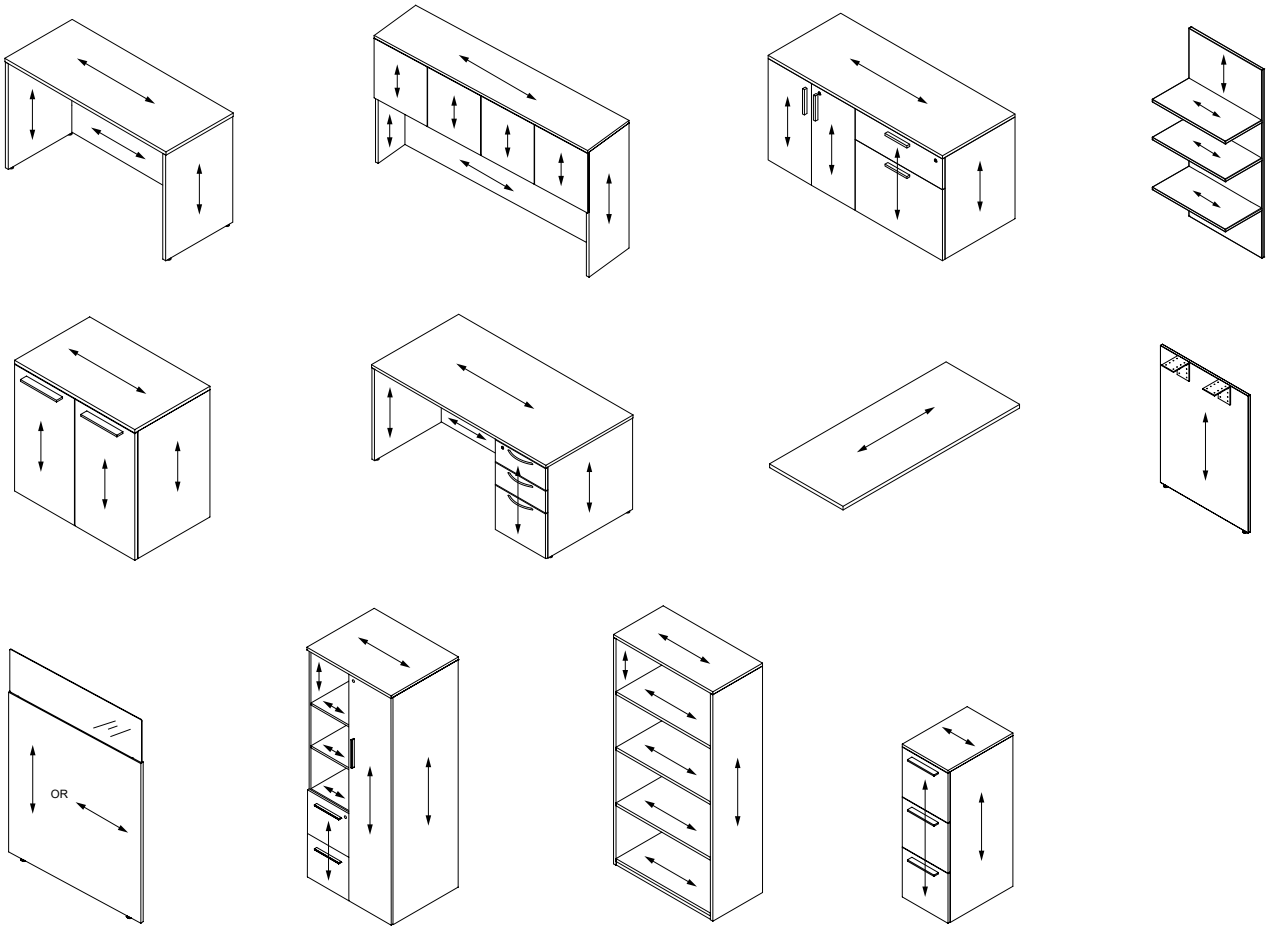
Other codes used throughout this price guide are:

*CW* - Indicates counterweight option. Additional charges apply where applicable
*CW2* - Indicates two counterweight option. Additional charges apply where applicable

# Woodgrain Laminate Direction

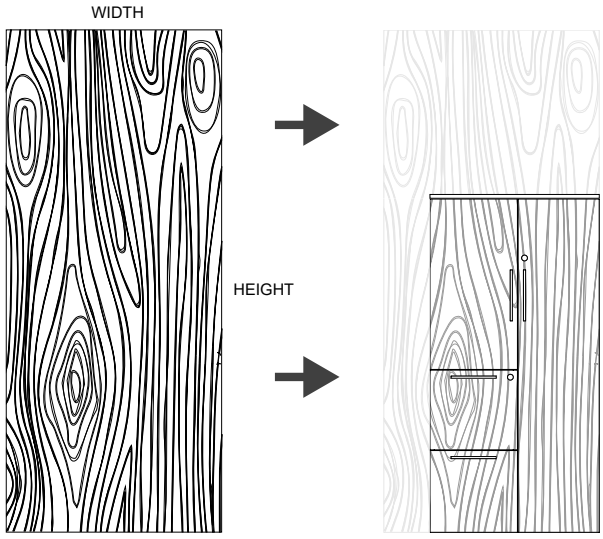
The following information can be used to identify woodgrain direction on various standard furniture items. In general, the direction can be limited by the size of the laminate sheet. Custom sizes follow the standard but due to size limitations, the woodgrain direction may change. Check with BRC to confirm woodgrain direction on your custom product before order.

## Woodgrain Direction Typical Examples



## Woodgrain Pattern Typical Lay Up

On cabinets with multiple drawers and doors, the entire sheet of woodgrain laminate is cut and applied in such a way that the grains will align (see image at right). If the width of the raw sheet exceeds the width of the cabinet, every effort is made to coordinate the additional sheets so that the grain patterns will be similar.



Full Sheet of Woodgrain Laminate

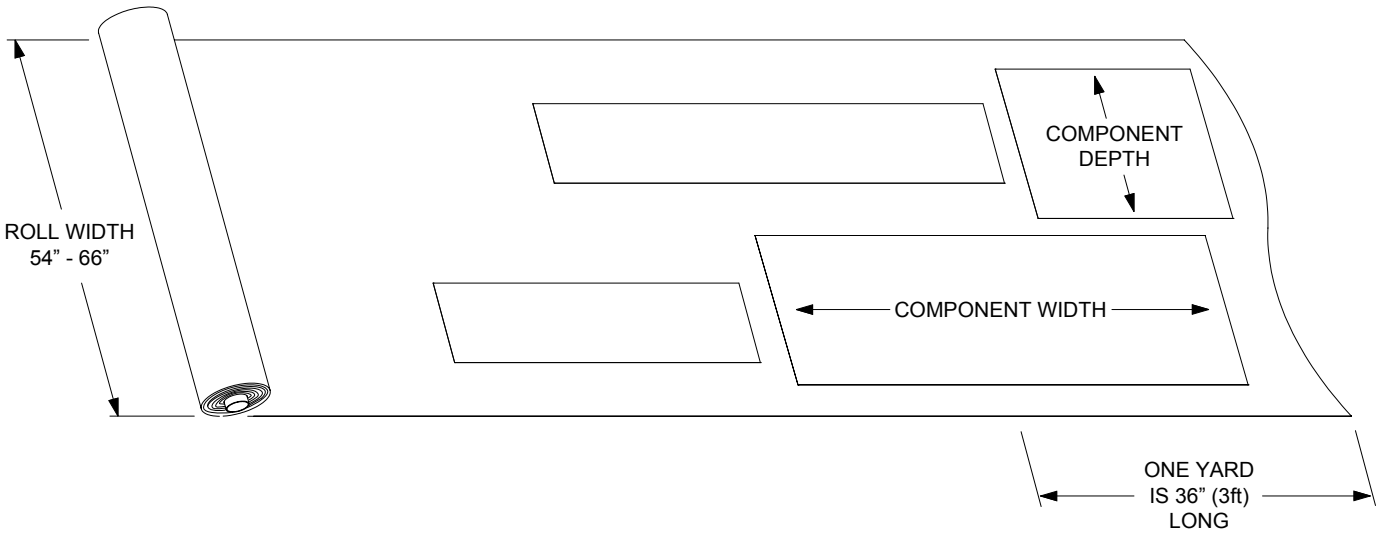
Full Sheet Applied to Cabinet

# Fabric Specifications

The following information details the way fabric is applied and COM yardage requirements.

## Standard BRC Fabric

BRC offers non directional fabric as standard. The fabric is cut in either direction to acheive the best yield. Customer's Own Material is considered a grade 0 fabric, BRC offers three additional grades as detailed below.



## Customer's Own Material (COM) Fabric - Grade 0

Due to the variation in textile patterns, roll sizes and fabric types, BRC handles each COM on a per order basis. This ensures that the minumum amount of fabric is ordered, and in turn the minimum amount of waste from offcuts is generated. Please use the chart below as a rough guide to calculate approximate use on non-directional fabrics:

| **FABRIC USE PER YARD** | |
|---|---|
| CUSHION SIZE W x D (1" & 2" THICK) | NUMBER OF YARDS REQUIRED |
| 15.75" x 18", 20", 22", 24" | 1 YARD |
| 30" x 18" | 1.25 YARDS |
| 36" x 18.75" | 1.5 YARDS |
| 42" x 20" | 1.5 YARDS |
| TACKBOARD WIDTH (48" HEIGHT & BELOW) | NUMBER OF YARDS REQUIRED |
| 24", 30", 36", 42", 48" | 1 YARD |
| 54", 60" | 1.25 YARDS |
| 66", 72" | 1.5 YARDS |
| 78", 84", 96" | 2 YARDS |

## MillerKnoll Fabrics

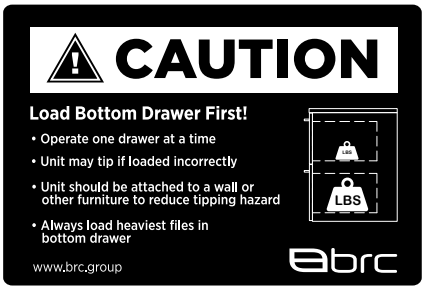
BRC offers a unique advantage to its customers by providing proprietary MillerKnoll fabrics. This allows customers to perfectly complement their MillerKnoll products with the same finishes, ensuring a cohesive and harmonious aesthetic. BRC's grading system differs from that of MillerKnoll, and as a result, the proprietary fabrics are offered at a higher grade by BRC. This enables BRC to continue offering these exclusive fabrics exclusively to MillerKnoll dealers. BRC also offers its own line of quality fabrics at lower grades, providing an additional selling feature. These fabrics are designed to reflect modern trends and styles while maintaining an attractive price point." For the tackboard pages we can put a shorter version "Note that BRC's grading is different than MillerKnoll's grading system allowing BRC to continue offering fabrics exclusively to MillerKnoll Dealers. BRC also has a robust offering of additional fabrics at a lower price point.

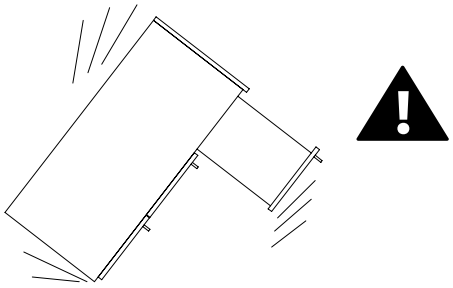
# File Drawers

## Load Considerations

Filing drawers can be one of the most convenient storage items in the office environment. Careful consideration must be paid to how the drawers are loaded, how much load and when to secure the cabinet to an additional support structure. File drawers must always be loaded from the bottom first. This puts the center of gravity lower and reduces the tipping hazard. Depending on application, cabinets should be secured to adjacent cabinets, a wall or another support structure for additional assurance. All drawer cabinets can be susceptible to tipping so careful planning is essential for prevention. Contact your BRC representative for more information.

**Look for this warning label placed inside all file drawers manufactured by BRC**

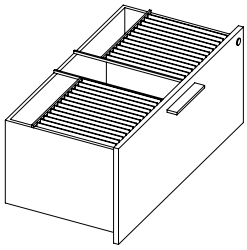




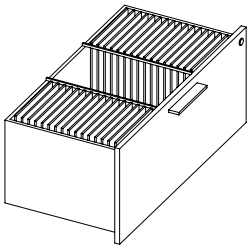
## Capacity & Filing Options

BRC File drawers can accommodate letter and legal hanging file folders. Standard size file drawers in 30”, 36” & 42” widths include two side to side hanging bars and two front to back hanging bars (24” wide drawers include only one of each). The side to side hanging bar can be positioned to fit letter and legal files. The front to back hanging bars can be positioned to accommodate two rows front to back of letter and legal depending on drawer width. Pedestal file drawers include one side to side hanging bar that can to positioned to accommodate letter and legal side to side. Pedestal file drawers can accommodate letter only front to back.

| **STANDARD SIZE FILE DRAWER CAPACITY** | | | |
|---|---|---|---|
| NOMINAL WIDTH | INTERIOR WIDTH | INTERIOR DEPTH | MAXIMUM LOAD (LBS)* |
| 24” | 20.4” | 15.14” | 55 |
| 30” | 26.4” | 15.14” | 72 |
| 36” | 32.4” | 15.14” | 90 |

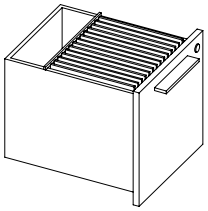


FILE RAILS ACCOMMODATE LEGAL SIDE TO SIDE; FILE BARS CAN BE USED TO ACCOMMODATE LETTER SIDE TO SIDE

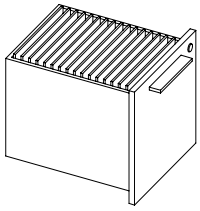


FRONT TO BACK BARS POSITIONED TO ACCOMMODATE LETTER OR LEGAL

| **PEDESTAL FILE DRAWER CAPACITY** | | | |
|---|---|---|---|
| NOMINAL WIDTH | INTERIOR WIDTH | INTERIOR DEPTH | MAXIMUM LOAD (LBS)* |
| 15.75” | 12.18” | 15.14” | 33 |



FILE RAILS ACCOMMODATE LEGAL SIDE TO SIDE; FILE BAR CAN BE USED TO ACCOMMODATE LETTER SIDE TO SIDE



FRONT TO BACK ACCOMMODATES LETTER ONLY

*Loads are expressed as weight rating for filing, not bottom loading

# Counterweights

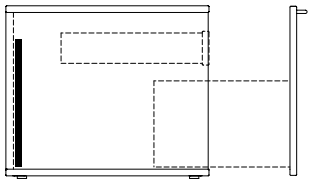
## Product Safety

All of BRC's storage products that contain box drawers and file drawers include full extension drawer slides. This presents a unique challenge as the further a drawer is extended, the further away the center of gravity is from the main body of the product. Depending on the load, the storage product may tip over. There are several ways to prevent this from happening and BRC recommends the following solutions be considered depending on the installation. For more information on your specific layout, contact your BRC representative for advice.

## Counterweights

Counterweights are designed to help balance a load in a drawer or several drawers. Depending on the size of the storage product and the load it intends to carry, a counterweight may be the best option. For smaller cabinets, freestanding or mobile, BRC recommends using a counterweight to prevent the product from tipping over. Some of BRC's mobile storage options already include a 5th wheel caster in the front of the drawer which prevents tip over. In this case, the counterweight will not be listed as an option on the individual product page.

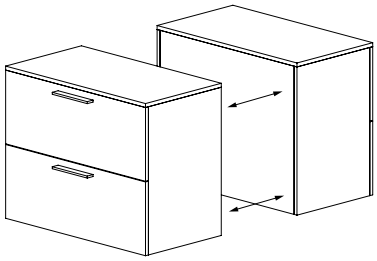
Counterweight located in back of cabinet (shown) or underneath cabinet

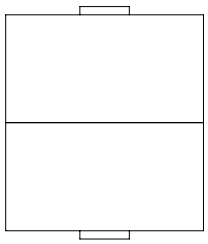


## Ganging

When cabinets are installed in a long run or back to back, ganging them together may be the most cost effective solution. When installing, the drawers can be removed to gain access to the inside back or side gable of the product. After leveling the cabinet layout, by simply using self tapping wood screws with or without pilot holes, items can be ganged together.

Ganging cabinets back to back or side to side provides a cost effective solution

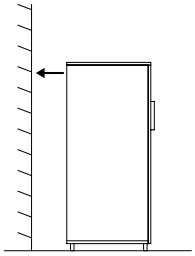




## Wall Mounting

Where applicable, wall mounting can provide a cost effective solution to using a counterweight and provide greater tip over protection. For taller cabinets, bookcases and lockers BRC recommends wall mounting to provide a secure and safe environment. Ensure the wall structure contains wood studs or a wood backing. Attaching to metal studs alone is not recommended. Remove the drawers to gain access to the inside back or side gable of the product. After leveling the cabinet, simply use self tapping wood screws with or without pilot holes and secure the cabinet to the wall. Replace the drawers to complete installation.

Wall mounting all tall storage cabinets, bookcases and lockers is recommended



# Product Safety

## Wall Mounted Products

Wall mounted items require special consideration before installation. Any product attached to the wall, especially overhead mounted items, must be anchored and secured to the wall to ensure safety and stability. BRC provides the following guidelines & warnings when using wall mounted products:

• This product must be anchored to wall to ensure stability & safety.
• It is the owner and installers responsibility to ensure that the wall type and construction is of sufficient strength to carry the loads of any wall mounted products and their contents.
• Failure of the wall and anchors to support all imposed loads may result in property damage or personal injury.
• BRC can provide size and empty weight of its products only. As wall blocking is considered a building construction process, BRC cannot provide recommendations in this respect and cannot be responsible for damage or injury that may occur as a result of improper installation and/or blocking.

Look for this warning label on all wall mounted BRC products

## Mobile Product Instability

Mobile items on casters such as flip top, personal and movable tables of any type and storage items of any type may present an instability hazard if not secured correctly while in use or in storage. Flip top tables or training tables of any type, are inherently more unstable when folded. BRC provides the following guidelines & warnings when using mobile products:

• Lock casters immediately after moving. Do not leave the casters unlocked when in use or in storage.
• Motion may increase the instability of any item with casters. If the wheels hit an obstruction the table's forward momentum often causes overturn, especially if the item is not equipped with wheel extensions. Exercise strong caution while moving these items.
• Use caution when abrupt level changes in the floor are present (such as a doorway or room threshold) as caster failure or tipping may result.
• Do not stand, sit or lean on mobile items for support. They are not intended for this use and personal injury or property damage may result.
• Mobile units that feature height adjustable elements must be lowered to the minimum compressed height when moving to prevent instability. It is also recommended the user remove all computer equipment or other accessories to prevent possible weight imbalance or damage to equipment.
• Failure to follow the guidelines above may result in property damage or personal injury.

Look for this warning label on all mobile BRC products

# Custom Sizing

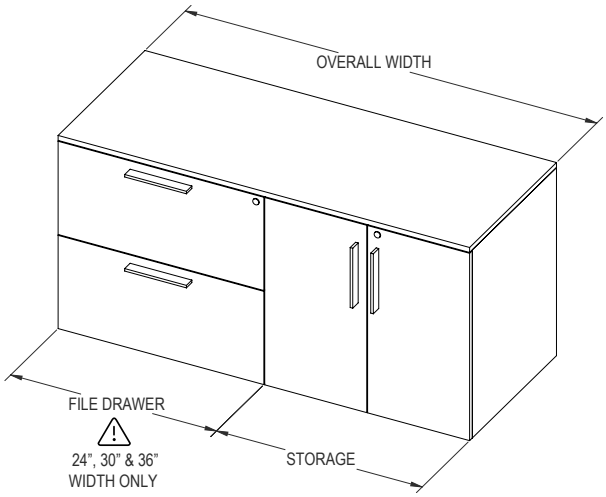
BRC has built a reputation on custom tailored product based on our standard offering. Many sizes not listed in the Fil catalog can still be ordered without requesting a custom quote. The next two pages are meant as a guide to enable users to specify and order a custom size right from the price guide. Follow the guidelines below for specifying and ordering sizes that are not listed in this guide.

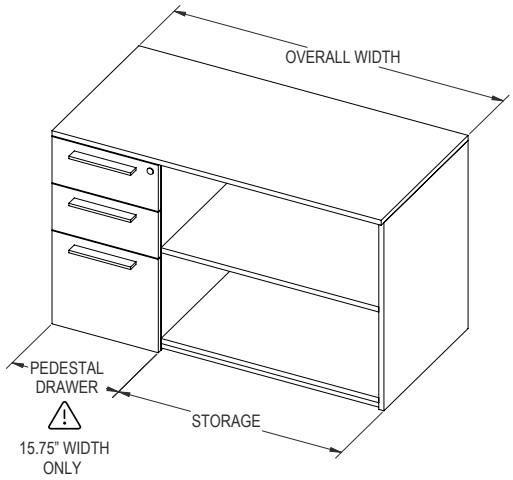
## Pedestal & File Drawer Restrictions

Pedestal drawers in box/box/file, file/file, box/file and pencil/box/file have a width restriction of 15.75" wide. This means that as the overall cabinet width changes, the pedestal drawer width remains constant. In all size variations, the width of the pedestal drawers will be 15.75".

File drawers are available in three widths only: 24", 30" and 36". As the overall cabinet width changes, the file drawer width will remain at either 24", 30" or 36" as specified by the purchaser in the product code. In all size variations, the file drawers will remain at these widths.

Adjacent open storage and closed door storage will accommodate all sizes within the minimum and maximum listed in the price guide.



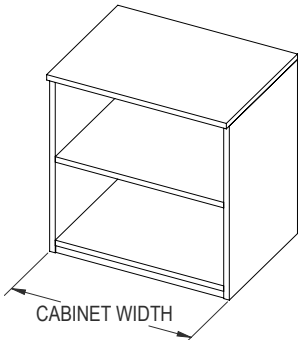


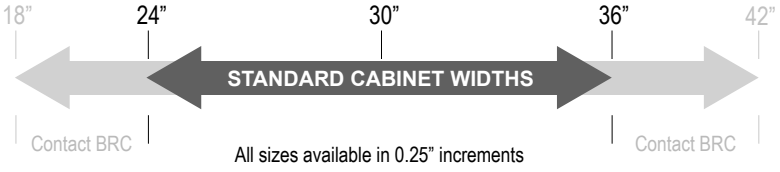
## Custom Size Availability

Most products can be ordered in 0.25" (1/4") increments in either width, depth or height depending on the sizes listed in the price guide. Custom increments are available between the minimum and maximum sizes listed on the price page (taking into account the pedestal and file drawer restrictions listed above). For instance, in the example below, an open cabinet that has a minimum width of 24" and a maximum width of 36" is available in any size in between the minumim and maximum, for example, 27.25" wide or 35.75" wide.

The example details width only but custom size availability applies to depth and height as well. If applicable, all variables (width, depth & height) can be customized together in one product. For example, the below item could be ordered with a custom width, depth and height.

Custom sizes outside of the listed minimum and maximum may still be available but require a quote from BRC. Please contact your representative or send your inquiry to quotes@brc.group.





## Next Size Up Pricing

Whenever specifying a custom size, use the pricing applicable to the next size up listed in the price guide. For instance, if you need a 25.5" depth and a 24" depth is $300 and a 30" depth at $400 as listed in the price guide, for a 28.5" depth you would use the $400 price.

For more information on next size up pricing, please contact your representative or send your inquiry to quotes@brc.group.

# Custom Sizing

## Order Sample Code

Ordering custom sizes is as easy as placing the size you want in the ordering code and adding an “SP-” prefix to the code. The example below shows how an open storage product can be customized and ordered. FLOSZ Open storage product is available in widths from 18” - 36”, depths from 18” - 30” but only available in 22” height. In the order code for a custom size, “FLOSZ” becomes “SP-FLOSZ”.

Low Open Storage with Top, 1” Kick — FLOSZ

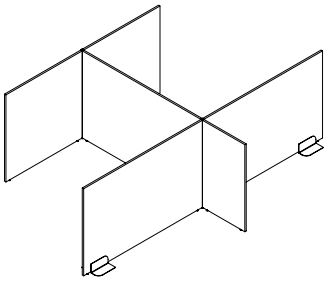
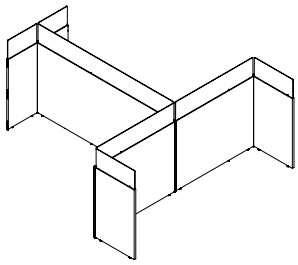
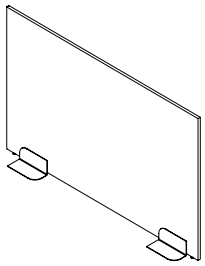
## Summary

BRC expands on its gallery panels by offering new ways of connecting that allows for a semi-freestanding and fully freestanding application. By using a combination of gallery panel spines and supporting feet, offices can be configured to provide more privacy. The following pages can be used as a guideline to configure and select the best layout for your needs. Contact your BRC representative if you need more assistance.

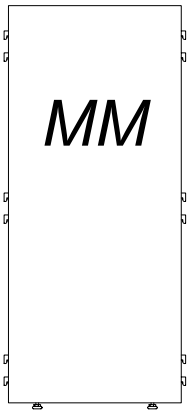




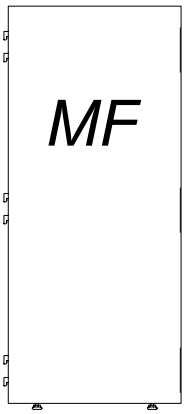


## Panel Configuration

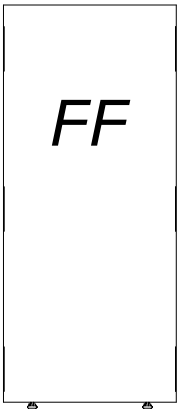
All panels are 1" LPL construction, edged on all sides and include levelers. Male and female connectors, and a blank end (no connectors) can be configured to allow 6 different panel options as follows:



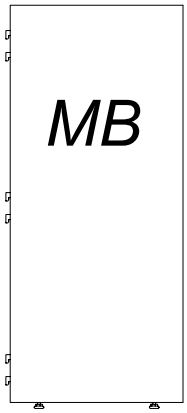
Both sides have male connectors.



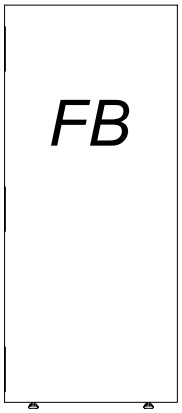
Male connector on one side, female connector on the other side.



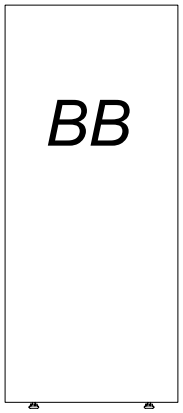
Both sides have female connectors.



Male connector on one side, blank end on the other side.



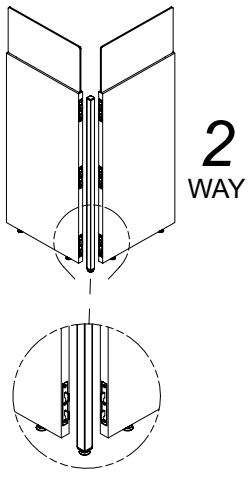
Female connector on one side, blank end on the other side.

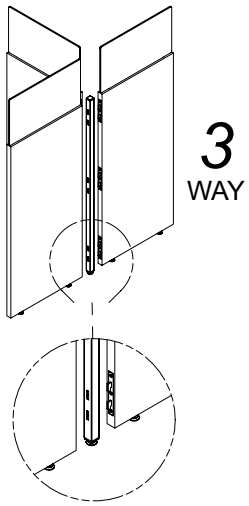


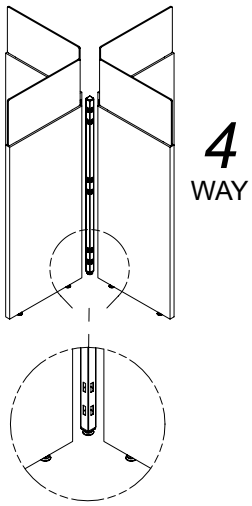
Both sides have a blank end.

## Gallery Spine

BRC's gallery spine is a 1" x 1" steel support that runs the entire vertical length of the panel. Any gallery panel with a male connector (MM, MF or MB) can be attached. The spine is available in two way, three way or four way 90° configurations. A spine is not required to connect panels end to end at 180°; panels with a male end and female end can be connected directly. Reference the following page for application examples.

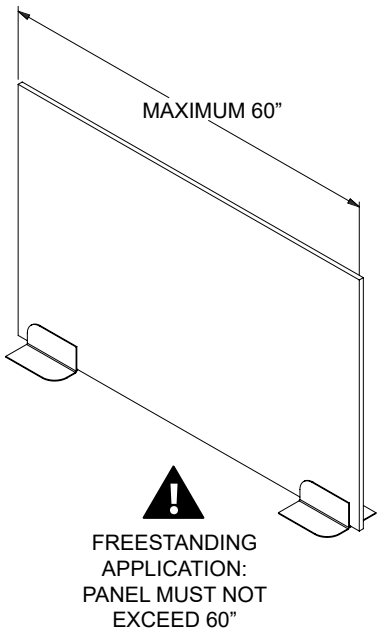




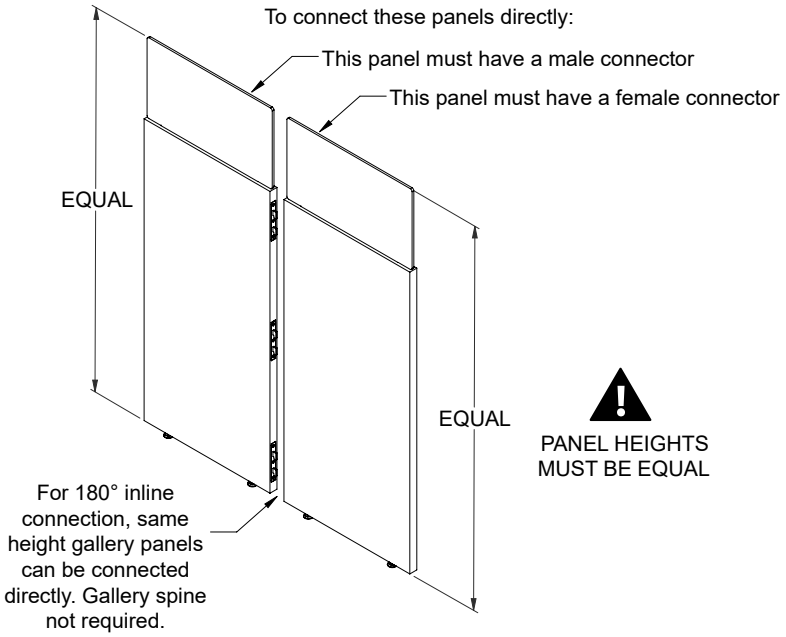


## General Guidelines

- All panels connected in a run must be the same height
- Laminate only panels and panels with glazing cannot be combined in a single run
- A support foot must be used whenever an end of panel run exceeds 54”
- A single panel can be supported by two feet no longer than 60”
- Due to laminate woodgrain size restrictions, gallery panels are divided into two codes, one for widths 18`-60` and one for widths 66`-96 Woodgrain direction (if applicable) runs vertical on the smaller widths (18`-60`) and horizontal on the larger widths (66`-96`)



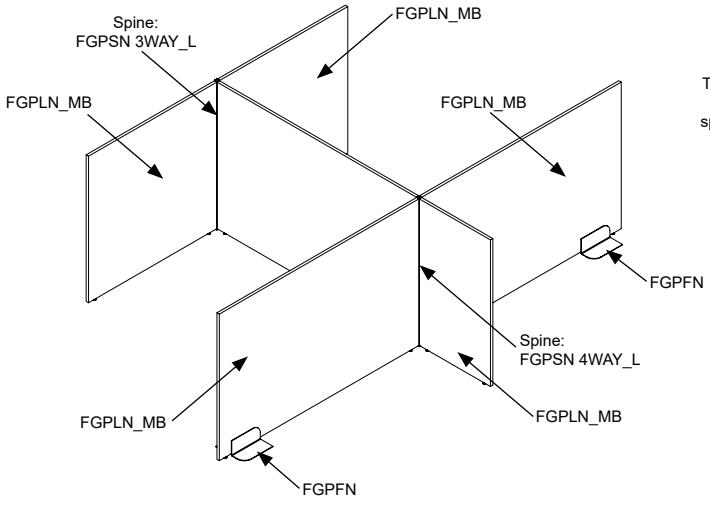
**Freestanding Application**



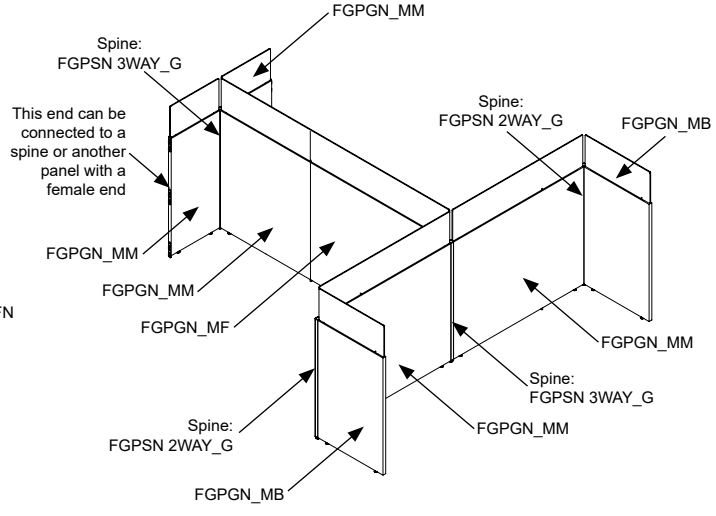
**180° Direct Connection**

## Application Examples

Use the following examples to reference how a panel layout can be structured. The codes used below can be found on the next few product pages. Note, sizes are not listed as the examples are to be used for configuration only. As per application guidelines, all panels in a single run are the same type (laminate only or glazing) and also the same height. For help with your layout, contact the BRC sales department at quotes@brc.group.



**Laminate Only Panels - FGPLN**



**Panels with Glazing - FGPGN**

# Integrated Cabinets

## Summary

Height adjustable tables have become common place in office environments and BRC offers several options to integrate these tables into adjacent cabinetry. The option listed below, AA, is the same regardless of cabinet type. AA Indicates a removable back panel is typically used for wire access and management. The panels have snap in connectors for easy installation and removal. By default, integrated credenza cabinets ship with no back panel and a fixed inside panel. Add AA option code to tailor the cabinet to your needs. For further information and assistance, contact your BRC representative.

- Height dimension applies to *M3* top; add 0.25" to height for *M1* top

**No Charge Options**

- All standard laminate finishes available
- Lock: Hudson black '*LHB*', silver '*LHS*'; Hudson housing only *'LH-NC'*

**Optional Extra**

- To add rear laminate cover, add option code *'AA'* and add $210
- To add metal grommet for T leg, add option code *'SG'* and add $72
- Counterweight add code *'CW'* and add $137

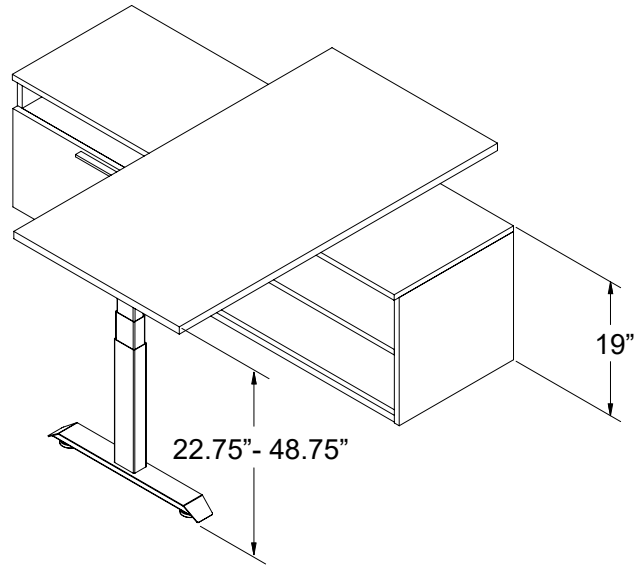
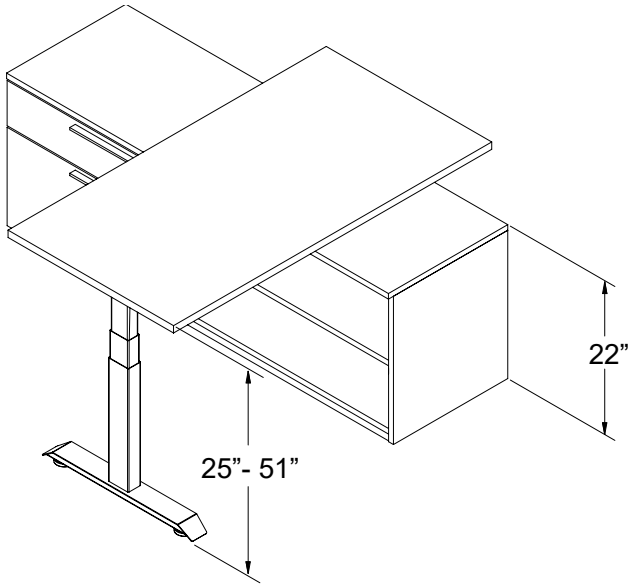
# Integrated Credenzas & Height Adjustable Tables

BRC's Integrated Credenzas are designed to work seamlessly with the Mesa height adjustable table line. Our BIFMA tested Mesa tables have a height range from 22.75" - 48.75" whereas the Sit-Stand tables range from 25" to 51". The integrated cabinet height must be selected based on this height range. Review the details below before ordering to ensure compatibility.



## BIFMA: 19" High Cabinet

The BIFMA version of BRC's Mesa height adjustable table must be used with 19" high integrated cabinets.



## SIT-STAND: 22" High Cabinet

The BIFMA version of BRC's Mesa height adjustable table must be used with 19" high integrated cabinets.

# Islands

BRC Introduces its newest open space office products: Islands. A collection of closed and open storage, lockers, bases and worksurfaces that work together to create touch down areas, media centers, lunch room stations or permanent work areas.

Mix and match a large selection of items to create your own unique layout. When a worksurface is added, the finished height is 42”. Use the following pages for design inspiration or contact BRC if you need assistance.

# Island Sample Layouts

Use the examples on this page to configure your own unique layouts. Worksurfaces and end panels can be ordered in custom widths, depths or heights as required. It is recommended to attach end or cover panels to cabinetry by first removing drawers (if applicable) and screwing in through side or back gables.

Island Table with Three Lateral Drawers & O Leg Base

Do not exceed 60" of unsupported space under worksurface

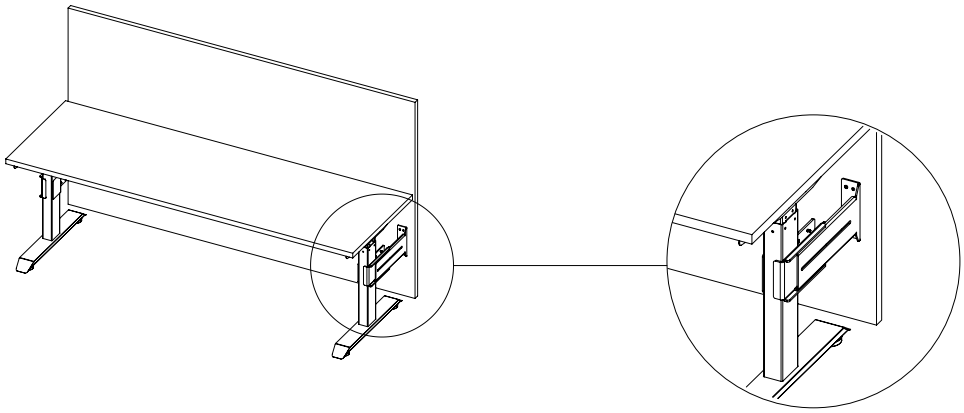
# Height Adjustable Table Support Brackets

Height adjustable tables present unique challenges when mounting to adjacent furniture. BRC's table support brackets allow direct connection to Gallery Panels, tall storage, credenzas and other items while allowing full height adjustable functionality. These brackets have been designed specifically for our Mesa T leg and C leg bases but may be applicable to non-BRC product. Contact a BRC representative for full details.

## T Leg Rear Mount Bracket

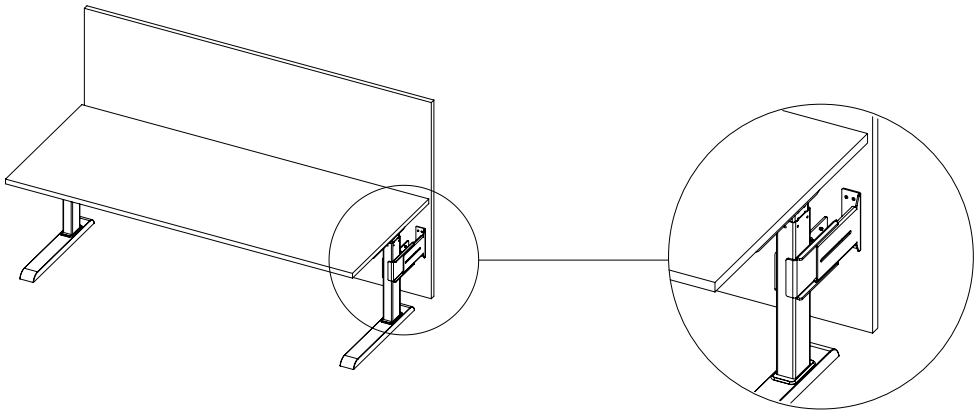
Product Code: FABRA



For use on Mesa T leg tables 24" and 30" deep. Connection to rear panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.

## C Leg Rear Mount Bracket

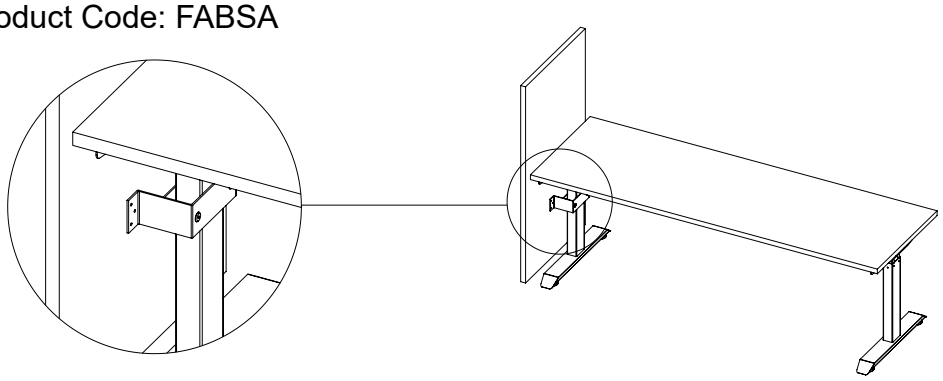
Product Code: FABCA



For use on Mesa C leg tables 24" and 30" deep. Connection to rear panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.

## C Leg or T Leg Side Mount Bracket

Product Code: FABSA



For use on Mesa C leg or T leg tables 24" and 30" deep. Connection to side panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.

|---|---|---|---|---|
| ITEM CODE | WIDTH | DEPTH | HEIGHT | OPTION |
| FPLTD | W48 | D24 | H7 | *ML* |

Features & Specifications

- 3/4” Thick LPL case construction
- Intended to be mounted on BRC undermount storage components
- 3/4” Fasteners included
- Grain direction runs vertical where applicable
- Metal liner is finished in black powdercoat

No Charge Options

- All standard laminate finishes available

Optional Extra

- Includes laminate surround only; for metal liner, add code *‘ML’* and price as shown above

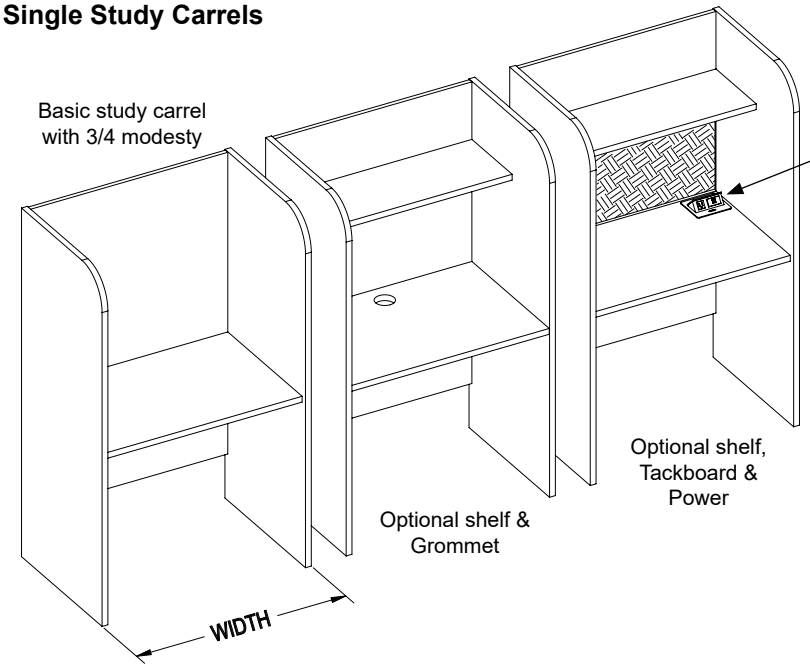
SPECIAL NOTES

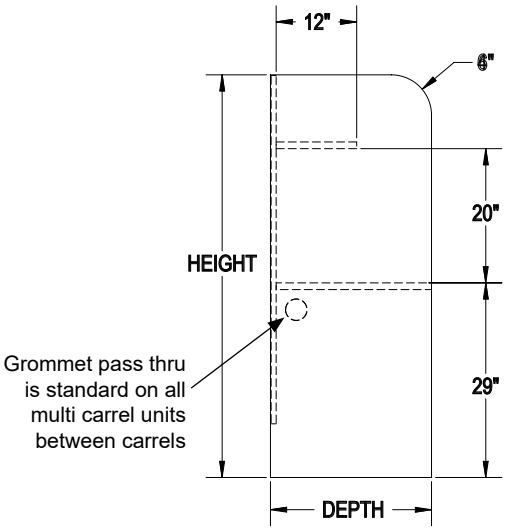
- LPL Laminate can be permanently damaged by water intrusion; although manufactured to be leak proof, the use of a metal liner may not fully protect the laminate from water intrusion

## Summary

Created for education applications, BRC's study carrels can also be used in office and healthcare environments. Available with shelf, tackboard and power options, the study carrels can be configured to suit any environment. Use this page to assist with configuration and application.

## Single Study Carrels

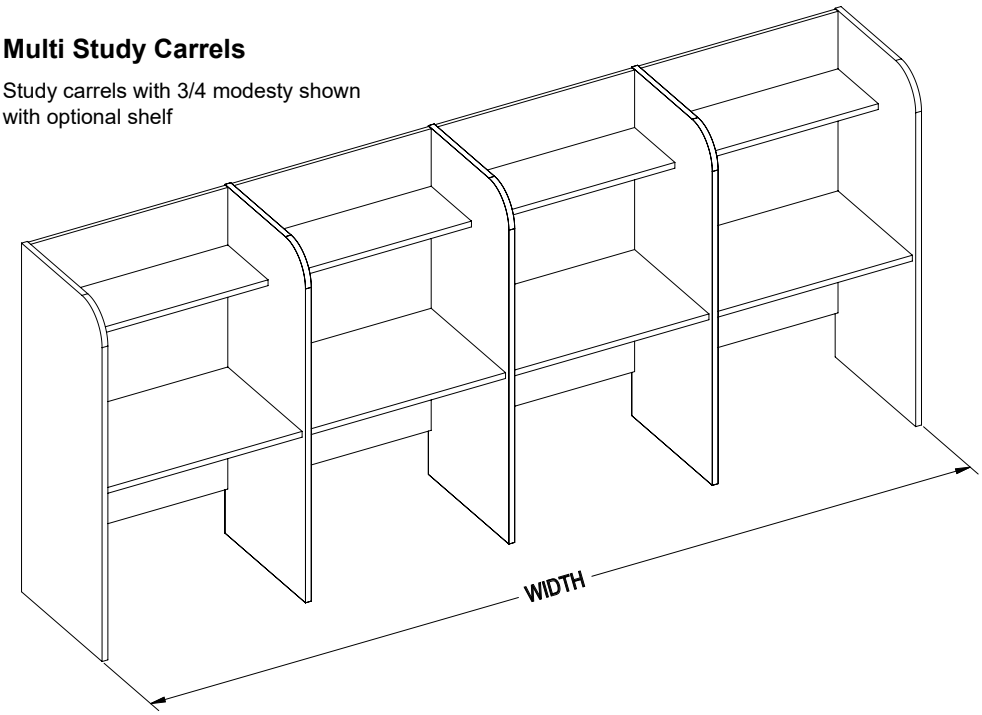




Dimensions apply to both single and multi unit carrels

## Multi Study Carrels

Study carrels with 3/4 modesty shown with optional shelf



## Multi Unit Specs:

- Multi unit carrels share the side gable in between carrels
- Options apply to all carrels, for instance, if *CG* is specified, all carrels will have a center grommet
- Undersurface grommet pass thru is included by default between the carrels but not on the ends
- When the default power option is specified:
  - The study carrels ship with BRC's product AT1FE (flip up 1 power & 2 USB ports)
  - The power module is always mounted on the right hand side at the back by default
  - Power modules are not gangable; installers must use extension cords if ganging is required

Features & Specifications

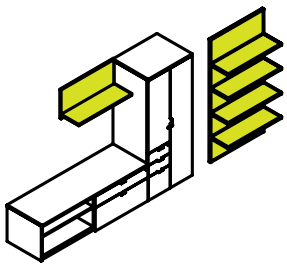
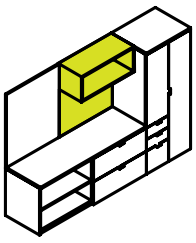
- To be used in hinged door applications only; all BRC hinged doors are compatible
- Not available for box or file drawer applications
- Simply snaps onto existing hinge
- Each door under 72” tall requires one unit. Doors over 72” require two units
- Product priced per unit

# Elements

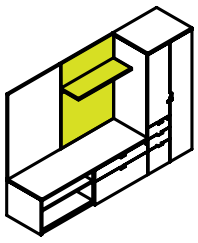
BRC Introduces a complete wall mounted accessory solution that integrates seamlessly with our Fil Series product. Floating shelves, whiteboards and tackboards can be installed alone or integrated into an office layout. Panels can specified full height or stacked in line according to requirements. Find more information on each section by clicking below.



**Element Free Panels**



**Element Desk Panels**



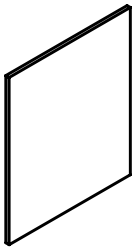
**Element Low Panels**

# Element Wall Panel System

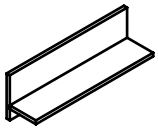
The following components are included in the Element wall mount panel system.

## Components

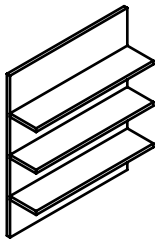
Laminate Panel



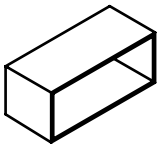
Single Shelf



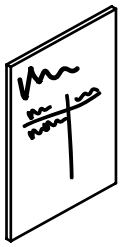
Multiple Shelves



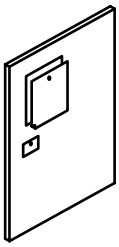
Open Storage



Marker Board

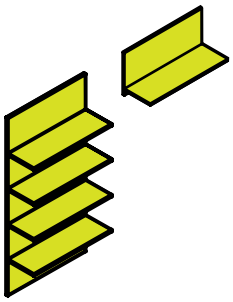


Tackboard



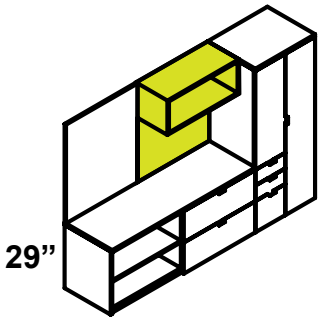
## Grouping

The offering is divided into three distinct groups depending on how the products will be used.



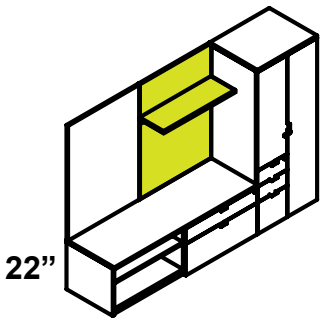
### Element Free Panels

These components work with each other but are intended to be used independently from desk or storage furniture



### Element Desk Panels

These components work with each other and are sized to be mounted above desk height (29”) storage components and tables. The overall height of these elements will align with a hutch or tall storage (eg, 66”, 72”, etc.)

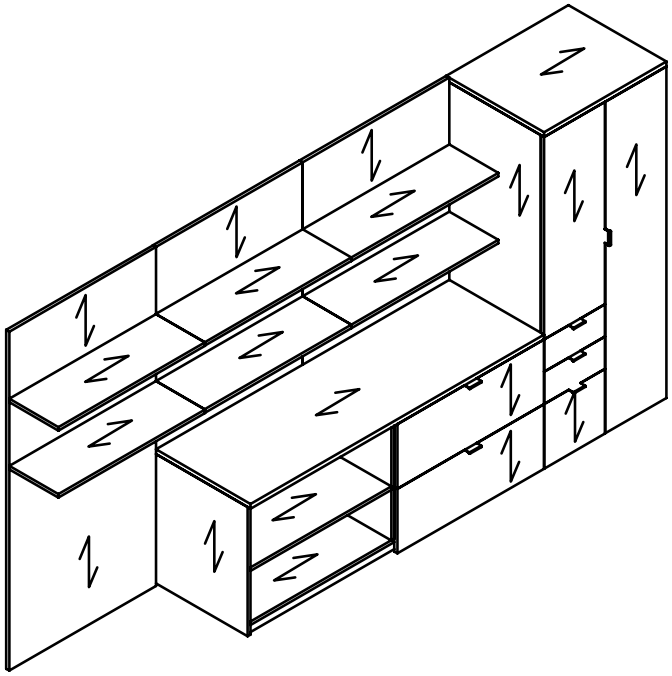


### Element Low Panels

These components work with each other and are sized to be mounted above low storage (22”) components. The overall height of these elements will align with a hutch or tall storage (eg, 66”, 72”, etc.)

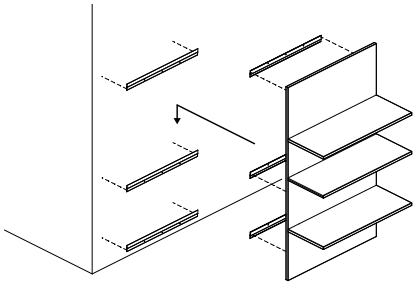
## Grain Direction

The grain direction on the wall panels always runs vertical as shown below. Shelving and overhead storage grain runs horizontal to match adjacent desk and storage products if applicable.

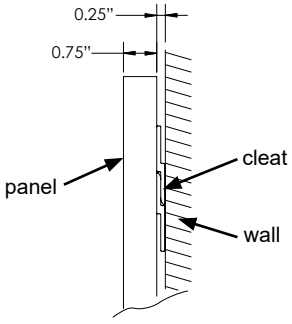


## Mounting

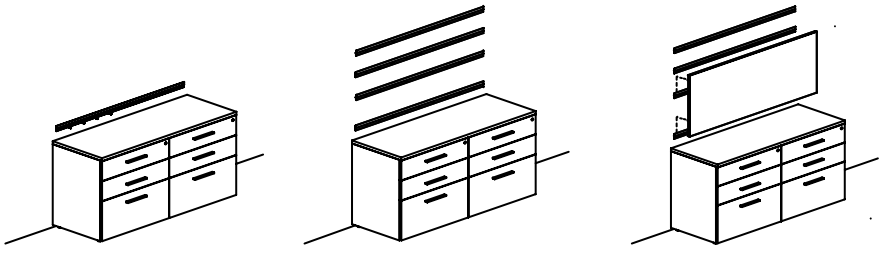
All components use an aluminum cleat based mounting system. The cleat on the back of the panel is pre-installed at the factory and matching wall cleats are provided for installation on site. After installation, the back of the wall panel sits 1/4" (0.25") out from the wall which is the total thickness of the cleat. The back panel, shelves and general construction is 3/4" thick laminate. Reference our Element Wall Panel System Installation guide for further details.



Wall panels drop into cleat



Total depth from wall is 1.00"



Multiple cleats are used as wall panel size and quantity increases (stacked panels)

# Element Free Panels

Element Free Panels are the best solution for stand alone wall mount needs. Whiteboard, tackboard and floating shelves can be used together or independently. Use the examples on this page to configure your own unique layouts.
